

The diagram shows a rectangular print layout with three main horizontal lines: a red line at the top, a blue line in the middle, and two green lines at the bottom. Arrows indicate the direction of cutting and folding. The red line is the top edge of the bleed area. The blue line is the top edge of the safety area. The green lines are the fold lines for a double-page spread. The text explains the purpose of each line and provides the dimensions for the finished product and the area with bleed.
